Compliance with the UK Subsidy Control Regime

On 1 January 2021, the UK left the EU and is no longer subject to EU laws on State aid. We draw your attention to the guidance issued by BEIS: Complying with the UK’s international obligations on subsidy control: guidance for public authorities. Please be aware this is a living document and may be updated by BEIS as time progresses.

The set rules (typically GBER) which we previously relied on for the limits of what we could award, have now been replaced by internal decisions based on the new BEIS Subsidy Control Regime, and on policy, which will in turn set out bespoke eligibility requirements for each funding opportunity.

Innovate UK is offering funding for this competition in line with the UK’s obligations and commitments to Subsidy Control. To ensure that Innovate UK remains compliant with the UK’s international Subsidy Control duties in respect of:

- the EU-UK Trade and Cooperation Agreement;
- Article 10 of the Northern Ireland Protocol (successful applicants which are affected by the Northern Ireland Protocol will be funded in line with EU State aid regulations);
- Article 138 of the Withdrawal Agreement (some Union law applicable after 31 December 2020 in relation to the UK’s participation in Union programmes and activities);
- the Subsidies and Countervailing measures within the WTO (ASCM);
- any other Free Trade Agreements active at the time of award.

All awards will be conditional on compliance at all times with the UK’s International obligations on Subsidy Control - this will be reflected in the terms and conditions of any award.
Due diligence for UK Subsidy Control Regime

Under the Subsidy Control Regime, we will carry out financial health checks and ongoing concern assurances on your organisation.

Certify you are eligible

When submitting an application, you must certify that you are eligible for funding. If you are unsure, please take independent legal advice before applying. Should you be successful, we will complete these financial checks and assurances before confirming the grant offer.

- For more information on company sizes, please refer to the Company accounts guidance.
- Further information is available on our website in the general guidance.
Eligibility Criteria - EU State Aid Regulations – Northern Ireland Protocol

If you are an applicant who is conducting activities that will affect trade of goods and/or electricity between Northern Ireland and the EU as envisaged by Article 10 of the Northern Ireland protocol, then you must apply under European Commission State aid rules.

Undertaking in Difficulty
For applicants subject to the European Commission State aid rules, you will be required to prove that they were not an “Undertaking in Difficulty” (UiD). We will ask for evidence of this.

This test applies to:
- companies that are more than 3 years old
- companies where more than half of its subscribed share capital has disappeared as a result of accumulated losses.
- your parent or holding company

Certify you are eligible
When submitting an application, you must certify that you are eligible for State aid. If you are unsure, please take legal advice before applying. Should you be successful, we will apply this test as part of our viability checks before confirming the grant offer.

Further information is available on our website in the general guidance under state aid.

If you are applying for an award funded under State aid Regulations, the definitions for company size are set out in the European Commission Recommendation of 6 May 2003.
Eligibility Criteria: Funding Opportunities

Funding for R&D projects split in to 2 categories; industrial research and experimental development.

For industrial research projects, you could get funding for your eligible project costs of:
- up to 70% if you are a micro or small organisation
- up to 60% if you are a medium-sized organisation
- up to 50% if you are a large organisation

For experimental development projects which are nearer to market, you could get funding for your eligible project costs of:
- up to 45% if you are a micro or small organisation
- up to 35% if you are a medium-sized organisation
- up to 25% if you are a large organisation

For research organisations conducting fundamental research you could get funding for your eligible project costs of **up to 100%**.

For general guidance on what our research categories are please visit: https://www.ukri.org/councils/innovate-uk/guidance-for-applicants/general-guidance/categories-of-research-and-development/#contents-list
Participation Rules

The aim of this funding opportunity is to:

- optimise the level of funding to business and
- recognise the importance of research base to project

At least **70%** of total eligible project costs must be incurred by business.

The maximum level (**30%** of total eligible project costs) is shared by all research organisations collaborating on the project.
Making more than one application

Any one business may be involved in as many applications as wanted in this competition, but can only be the lead partner in 2 applications.

- If a business is not leading any application, it can collaborate in up to four applications within this competition.
- Research organisations, charities, not for profit, public sector organisations and research and technology organisations (RTO), can collaborate on any number of applications.
Other Innovate UK projects

If you have an outstanding final claim or Independent Accountant Report (IAR) on a live Innovate UK project, you will not be eligible to apply to this competition, as a lead or a partner organisation.

We will not award you any further funding if you:

- applied to a previous competition as the lead or sole company and were awarded funding by Innovate UK, but did not make a substantial effort to exploit that award

- applied to a previous competition as the lead or sole company and failed to comply with grant terms and conditions.

Accelerating innovation in rail 5

Businesses can apply for a share of £7.9 million for innovations to minimise disruption to train services and to develop initiatives for intelligent trains.

Competition opens: Monday 18 September 2017
Competition closes: Wednesday 15 November 2017 12:00pm

Innovate UK, on behalf of the Department for Transport, will invest up to £7.9 million to support innovation and growth in national and international rail markets. This is a joint initiative with the rail industry, under the direction of its Technical Leadership Group, the team responsible for creating a vision for the future of the railways.

The aim of this competition is to create innovations that address the main goals identified in the industry’s Rail Technical Strategy Capability Delivery Plan 2017. These are:
- ‘minimal disruption to train services’
- ‘intelligent trains’

Projects should last between 6 months and 2 years. If your proposed project falls outside of the project funding range or duration, please contact Innovate UK before you apply.
Lead Applicant: create an account

The lead applicant must create an account:

**UK registered businesses**

Use Companies House lookup as it speeds up our checks by providing your company number. You are unable to enter this at a later date.

**Research organisations, academics and universities**

Enter your information manually so you are not listed as a business on IFS and ensure you receive the correct funding.
Project Details

Funding

Funding rules
The level of funding awarded will depend upon the type of organisation and the type of research being undertaken in the project.
Funding is calculated by project participant.

IFS will advise the maximum grant % you can request based upon your answers to:

- type and size of organisation
- research category defined by the lead applicant in the Application Details section of the application
<table>
<thead>
<tr>
<th>Organisation or type of activity</th>
<th>Industrial research</th>
<th>Experimental development</th>
</tr>
</thead>
</table>
| Business (economic activity)     | Micro or Small – 70%  
Medium – 60%  
Large – 50% | Micro or Small – 45%  
Medium – 35%  
Large – 25% |
| Research organisation (non-economic activity) | Universities – 100% (80% of Full Economic Costs)  
Other research organisations can claim 100% of their project costs | Other research organisations must:  
• be non-profit distributing and  
• disseminate the project results and  
• explain in the application form how this will be done |
| Public Sector Organisation or Charity (non-economic activity) | 100% of eligible costs | Must:  
• be performing research activity and  
• disseminate project results and explain in the application form how this will be done  
• ensure that the eligible costs do not include work / costs already funded from other public sector bodies |
| Research organisations (undertaking economic activities)  
Organisations receive funding related to the size of their organisation | Micro or Small – 70%  
Medium – 60%  
Large – 50% | Micro or Small – 45%  
Medium – 35%  
Large – 25% |

The total grant funding request for your project must not exceed 50% of your total project costs. This limit applies regardless of the individual partners’ grant claims or research category chosen.
### Worked example – For applications who can apply for total grant funding of no more than 50% of your total eligible project costs

Academic partners
Why Je-S?

We use the Research Councils’ Joint Electronic Submission System (Je-S) to collect academic finances. The Je-S system automates the collection of Full Economic Costs (FEC) based costs from academic partners and tells them exactly what numbers should be used in the application form for their costs.

Also to collect project finance details from non-HEIs (e.g. RTOs) that are claiming they are carrying out academic quality work and want to be funded on an FEC basis.

Using Je-S means that Innovate UK follows standard Research Council guidelines on funding universities and enables Research Councils to easily co-fund Innovate UK projects.

**The Je-S system is completely separate from Innovate UK and we cannot advise on its usage.**

Customer Support can help resolve any issues you might have when submitting but only if they are contacted before the deadline. Once the deadline has passed, your application cannot be submitted.
Assessment
How our assessors assess?

All applications are assessed by an independent pool of assessors drawn from industry and academia.

We require our assessors to maintain confidentiality and declare any conflicts of interest, ensuring a fair and transparent process.

Assessors are unable to contact you regarding your application content. Therefore, your application should contain:

- a justification for a viable opportunity for growth and a level of innovation that necessitates public investment
- clear and concise answers
- the right amount of information
- no assumptions

We recommend you review the competition brief and guidance for help – there is a video here.
How are successful applicants selected for funding?

Assessors will score each section of your application.

After the assessor process, InnovateUK will independently moderate assessor scores. Any outliers in scores may be removed and your total score will be updated.

You will then receive email notification to offer grant funding or to inform you that your application has been unsuccessful on this occasion.

Whether successful or unsuccessful in receiving grant funding, you will receive feedback on your application. It is intended to be constructive in nature and to highlight both the strong as well as the weak areas of your application.

There is a video here.
Project setup for successful applicants
Notification

If you are unsuccessful in this competition
You can use the feedback from the assessors to develop your idea and apply into another competition that allows previously submitted applications

If you are successful in this competition
- you will be assigned a Delivery Executive who will guide you through the Project Set Up process
- you will have 7 days to complete the project team, project details and bank details
- you will then have 90 days to complete project set up – funding may be withdrawn if this is not completed within this timeframe

Please ensure all your contact details in the IFS portal are correct and up to date and that you regularly monitor it.
Project set up

- All communication will be through IFS.
- Lead applicant must provide collaboration agreements and exploitation plans if applicable.
- Any partners with individual total project costs of up to £50,000 must provide evidence with a Statement of Expenditure (SoE).
- Any partners with individual total project costs above £50,000 must provide evidence with an Independent Accountants Report (IAR).

Project delivery

- All grants are paid quarterly in arrears and are only paid following quarterly reporting and necessary audits.
- Claims can only be made for costs incurred and paid between the project start and end dates.
- Monitoring of the project includes a visit from the appointed Monitoring Officer.
