

Towards a holistic support to children and adolescents' health and care provisions in an increasingly digital society—HORIZON-HLTH-2024-STAYHLTH-01-02-two-stage

Proposed Approach

SME name: Moderate Ltd

Moderate Ltd believes holistic support should involve psychological and faith therapies (major religious therapy models). Moderate identified faith therapies are ignored when it comes to holistic support.

Moderate Ltd has created a prototype of an interactive chatbot, emotions and self-evaluation, which can provide both psychological and faith therapies to improve mental health at any age.

Moderate Ltd needs partners to develop the chatbot into a full product through further research and support.

Experience

Moderate Ltd founder has been a Metaphysical Mentor for 7 years and has a Master's in technology and psychology.

Moderate Ltd believes a fully developed product will attract major thought leaders and pioneers in this field.

Organisational Capabilities

Moderate Ltd currently with Universities, Faith groups, and psychologists in the UK who are vital to this project.

Moderate Ltd is an SME in the UK

Administrative Information

I am planning to be the coordinator of the Project.
