About Us

Innovate UK KTN exists to connect innovators with new partners, support new opportunities and drive the acceleration of innovative ideas for economic growth

Across all sectors

AgriFood Africa Connect

AgriFood Africa Connect brings innovative people and organisations across the UK and Africa together to address key AgriFood challenges in Africa.

Why are we here?

- To share how satellite technologies and data can impact positively on African agriculture
- To hear about innovative solutions
- To learn about innovation awards and other funding opportunities
- To connect and collaborate with others

Collaboration

- Collaboration Document shared after event
- Please introduce yourself in the chat
 1. *Your name*
 2. *Organisation name*
 3. *What you can offer partners*
 4. *What expertise you need from partners*
