

Building UK-Africa Collaboration for Soil Health and Crop Nutrition

13th July

10:00 – 12:00 BST

- Please stay on mute throughout the talks
- Put questions in the Q&A box (mention who the Q is for)
- The presentations will be recorded but not the collaboration session

Collaboration

- Please introduce yourself in the chat
 - *Your name*
 - *Organisation name*
 - *What you can offer partners*
 - *What expertise you need from partners*

About Us

Innovate UK KTN exists to connect innovators with new partners and new opportunities beyond their existing thinking – accelerating ambitious ideas into real-world solutions.

AgriFood Africa Connect

AgriFood Africa Connect brings innovative people and organisations across the UK and Africa together to address key AgriFood challenges in Africa.

Event Purpose

- Learn about challenges in soil health and crop nutrition
- Hear about innovative solutions
- Learn about innovation awards
- Connect with others
