Innovation loans scope
What are we looking for?

We are looking for businesses who can demonstrate that their innovation activities have the best potential for future growth.

Your application will be evaluated on:

• the quality of your project
• our judgement on the suitability of your business to receive a loan

We look for applications that show:

• an appropriate and evidenced borrowing proposal from a suitable business
• a high quality later-stage R&D project
• a clear route to commercial success
• a strong management team
• why you need additional public funding in order to be able to carry out your project
• why you are unable to fund the project from your own resources or other forms of private-sector funding

Before resubmitting, make sure that you have taken both assessor and credit feedback into account
On 1 January 2021, the UK left the EU and is no longer subject to EU laws on State aid. We draw your attention to the guidance issued by BEIS: Complying with the UK’s international obligations on subsidy control: guidance for public authorities. Please be aware this is a living document and may be updated by BEIS as time progresses.

The set rules (typically GBER) which we previously relied on for the limits of what we could award, have now been replaced by internal decisions based on the new BEIS Subsidy Control Regime, and on policy, which will in turn set out bespoke eligibility requirements for each funding opportunity.

Innovate UK is offering funding for this competition in line with the UK’s obligations and commitments to Subsidy Control. To ensure that Innovate UK remains compliant with the UK’s international Subsidy Control duties in respect of:

- the EU-UK Trade and Cooperation Agreement;
- Article 10 of the Northern Ireland Protocol (successful applicants which are affected by the Northern Ireland Protocol will be funded in line with EU State aid regulations)
- Article 138 of the Withdrawal Agreement (some Union law applicable after 31 December 2020 in relation to the UK’s participation in Union programmes and activities)
- the Subsidies and Countervailing measures within the WTO (ASCM)
- any other Free Trade Agreements active at the time of award

All awards will be conditional on compliance at all times with the UK’s International obligations on Subsidy Control - this will be reflected in the terms and conditions of any award.
Due diligence for UK Subsidy Control Regime

Under the Subsidy Control Regime, we will carry out financial health checks and going concern assurances on your organisation.

Certify you are eligible

When submitting an application, you must certify that you are eligible for funding. If you are unsure, please take independent legal advice before applying. Should you be successful, we will complete these financial checks and assurances before confirming the loan offer.

- For more information on company sizes, please refer to the Company accounts guidance.
- Further information is available on our website in the general guidance.
Eligibility Criteria - EU State Aid Regulations – Northern Ireland Protocol

If you are an applicant who is conducting activities that will affect trade of goods and/or electricity between Northern Ireland and the EU as envisaged by Article 10 of the Northern Ireland protocol, then you must apply under European Commission State aid rules.

**Undertaking in Difficulty**
For applicants subject to the European Commission State aid rules, you will be required to prove that they were not an “Undertaking in Difficulty” (UiD). We will ask for evidence of this.

This test applies to:
- companies that are more than 3 years old
- companies where more than half of its subscribed share capital has disappeared as a result of accumulated losses.
- your parent or holding company

**Certify you are eligible**
When submitting an application, you must certify that you are eligible for State aid. If you are unsure, please take legal advice before applying. Should you be successful, we will apply this test as part of our viability checks before confirming the loan offer.

Further information is available on our website in the [general guidance under state aid](#).

If you are applying for an award funded under State aid Regulations, the definitions for company size are set out in the [European Commission Recommendation](#) of 6 May 2003.
British Overseas Territories

You are unable to claim funding if your company is based in any of the British Overseas Territories (BOTs):

- Anguilla
- Bermuda
- British Antarctic Territory
- British Indian Ocean Territory
- British Virgin Islands
- Cayman Islands
- Falkland Islands
- Gibraltar
- Montserrat
- Pitcairn Islands
- Saint Helena, Ascension and Tristan da Cunha
- South Georgia and the South Sandwich Islands

Suitability for an innovation loan

You are applying for a Loan

For our Credit Team, the Business and Financial questions and financial spreadsheet are even more important than the Project Application.

Make sure you allocate sufficient time to complete the business questions fully

Allocate even more time to complete the financial spreadsheet in full – and get expert support

Failure to do this, will result in your application not being successful

In rounds 1 to 9, 29% of applications were ineligible – primarily due to inadequate financial information.

70% of eligible applications did not progress beyond the innovation assessment and initial credit evaluation

Make sure that a loan is right for your business!

HOW TO IMPROVE YOUR CHANCES OF SUCCESS

View the recorded webinar for the financial submission and consider attending a financial submission ‘Deep Dive’ Workshop
Financial submission “Deep Dive” workshops

Areas of the financial submission where applicants struggle to evidence their suitability:
• Presenting credible forecasts for future revenues and costs
• Demonstrating effective management of liquidity and working capital
• Evidencing adequate capitalisation

Online 90 minute workshop, with a maximum of 30 participants, to cover:
• The three core ‘problem areas’, with anonymised examples
• Breakout discussions in groups, led by a member of the innovation loans team, to enable participants to take a ‘deep dive’ into one of the core areas
• Reflections on the ‘deep dive’ discussions as a group

Prior registration is mandatory for these workshops
One participant per applicant at one workshop
We recommend that this should be the Chief Financial Officer or another member of the Board or Senior Leadership team with responsibility for developing the funding strategy of the business.

3 opportunities to join:

Deep dive workshop 1: Wednesday 2nd August 12.00-13.30
Deep dive workshop 2: Wednesday 16th August 12.00-13.30
Deep dive workshop 3: Wednesday 30th August 12.00-13.30
3. Project Proposal Questions
## Project Proposal Questions and Costs

**Applicant Location**
- Name of your organisation and full registered address

**Project Proposal**
- What is the business need, technological challenge or market opportunity behind your innovation? What approach will you take and where will the focus of the innovation be?

**Market Opportunity**
- What does the market you are targeting look like and how are you going to grow your business as a result of the project?

**Project Delivery**
- Who is in the project team, what are their roles and how will you manage the project effectively?

**Project Risks**
- What are the main risks for this project?

**Project Costs and Value for Money**
- How much will the project cost and how does it represent value for money for your business and the taxpayer?

**Project Costs**
- What are the project costs?
Your Project Cost Categories

Labour  Overheads  Materials  Equipment Usage
Subcontractors  Travel & Subsistence  Other
Conditions of Award

Under the Subsidy Control Regime, we will conduct a financial review and seek assurances on your organisation, leadership team, and persons of significant control.

Certify you are eligible

When submitting an application, you must certify that you are eligible for funding. If you are unsure, please take independent legal advice before applying. You must pass our financial review and assurances before being offered a conditional award.
Other Innovate UK projects

If you have an outstanding final claim or Independent Accountant Report (IAR) on a live Innovate UK project, you will not be eligible to apply to this competition, as a lead or a partner organisation.

We will not award you any further funding if you:

- applied to a previous competition as the lead or sole company and were awarded funding by Innovate UK, but did not make a substantial effort to exploit that award

- applied to a previous competition as the lead or sole company and failed to comply with grant terms and conditions.

How are successful applicants selected?

Project proposal
- Assessors will score each section of your project proposal.
- After the assessor process, Innovate UK will independently moderate assessor scores. Any outliers in scores may be removed and your total score will be updated.

Initial credit evaluation
- Our Credit team will carry out an initial evaluation of your suitability to take on a loan

Progress Panel
- Your innovation score together with the credit evaluation will be used in deciding the next steps.
- You will receive email notification that your application is progressing to detailed credit evaluation or to inform you that your application has been unsuccessful on this occasion.

Detailed credit evaluation and final decision
- Our Credit team will carry out detailed credit evaluation and a final lending decision will be made by our Credit Committee

Whether successful or unsuccessful in receiving loan funding, you will receive feedback on your application.

Feedback from assessors will be through IFS

Feedback from Credit will be sent by email

It is intended to be constructive in nature and to highlight both the strong as well as the weak areas of your application.
Credit Evaluation
Credit Process

Initial Credit Review

• Evaluate on credit application alone
• External diligence systems

Detailed

• Contact is made with company
• More information requested

Management Presentation

• Company presents to the Credit Committee

At each stage Credit Committee will provide the final decisions whether to progress or to decline.
Credit evaluation

Cannot prove ability to repay

Position of Company

Need and ability to repay are displayed

Cannot prove need

Key questions to consider:
- Is there sufficient equity capitalisation to support the overall business?
- Is the funding strategy adequate?
- When does the business generate revenues and/or breakeven?
- Does the business maintain sufficient liquidity (cash)?

Credit Specialists are looking for you to show that you:
✓ will be able to pay interest each quarter
✓ will be able to repay the loan on time
✓ need public funding

Key questions to consider:
- Can the project be funded at this time from private market sources?
- Would the same level of R&D happen without the Innovation Loan?
Initial Credit Review

All applications are reviewed by our Credit Team
An initial credit evaluation is undertaken, focusing on the **business** and **financial submission**
**External credit models** are utilised based on the application responses
Diligence systems are used for company and director checks

From the initial analysis, the Credit Committee will decide on the following **four outcomes**:

<table>
<thead>
<tr>
<th>Outcome</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Recommend</td>
<td>From initial analysis, credit concerns are manageable</td>
</tr>
<tr>

<td>Credit concerns but more negative factors than positive</td>
</tr>
<tr>
<td>Decline</td>
<td>Credit concerns which will not likely be overcome</td>
</tr>

## Detailed Credit Analysis

### The 5 Cs of Credit

1. **Character (credit history)**
   - Likely commitment of the business to repay
   - Management team / people:
     - Capability / capacity of the business as a whole
     - Corporate governance
   - Liquidity / affordability: suitability of business for proposed loan
     - Cashflow
     - Interest and debt service coverage
     - Leverage
     - Sources of additional capital
     - Balance sheet

2. **Capacity to repay (the financial standing of the business)**
   - Market:
     - Route to market
     - Resilience
     - Competitor / market analysis
     - Innovation risk
     - Political / regulatory risk

3. **Capital (the equity in the business)**

4. **Conditions (terms of the transaction)**

5. **Collateral (your security)**
   - Control culture:
     - Awareness and management of risks
     - Project spend control environment
If successful through both initial and detailed credit evaluation stages, then you may be asked to present your case to the Credit Committee directly.

**What are they for?**
- Final chance to pitch the business to Credit Committee
- May lead to a loan being offered
- Used where the Credit Committee feel more information is required before making a decision
- Can be based on an underlying recommend/decline decision from the Detailed stage

**How do they work?**
- Management will present for 30 minutes with additional time for Q&A and a tour of facilities (if held physically)
- Credit Specialists provide feedback from the Detailed stage to concentrate the presentation on key areas
- Credit Specialists will also offer to review the management presentation content ahead of time and provide feedback

Credit Specialist Observations

To ensure that your application has the greatest chance of success, please:

1. Evidence an adequate funding strategy
2. Consider liquidity throughout the forecast
3. Provide justifiable forecasts with well-considered assumptions
4. Consider downside risks and impact on financials
5. Explain the value proposition and quantify where possible
6. Ensure financial template is correct and complete

Lending Decisions and Documentation

• Final decision rests with the Credit Committee, following the detailed credit analysis

• We will use our standard loan agreement and security documentation

• Execution is by electronic signature, using DocuSign

• Conditions:
  • Know Your Customer / Anti Money Laundering / Politically Exposed Persons
  • Specific conditions may be required – before and after drawdown

• Corporate authorisations will be required to evidence that the loan agreement has been entered into with appropriate approval
