Programme Overview
Rachel Obrike
Women in Innovation

- Our Women in Innovation programme is all about shattering stereotypes and creating an innovation system that is fair, open and inclusive.

- The aim of this competition is to find pioneering women with innovative ideas and ambitious plans that will inspire others.

- We want to support women who are at a critical stage with their business, where an award will enable them to take an important step forward.

- Each winner receives up to £75,000 grant funding and a bespoke package business coaching and mentoring.
Scope

The aim of this competition is to fund and support a diverse portfolio of up to 50 Women in Innovation Award winners:

- who will be relatable role models for women from all backgrounds
- from regions across the UK
- who are solving a range of pressing societal, environmental and economic challenges
- in a variety of innovation areas
- who are most likely to benefit from the package of support on offer

Your proposal must identify clearly evidenced pressing societal, environmental or economic challenge, and how your project and innovation can help solve them.

Applications can come from any area of innovation (where innovation is defined as the commercially successful exploitation of ideas) and be applied to any part of the economy.
Scope

We are particularly encouraging applications from women who:

- are looking to develop a game-changing, novel idea or business innovation
- have the potential, capability, experience and personal drive to become leaders in business innovation
- want to be a role model for others, including in their region, sector and to young people
- have a clear vision for their business
- know what they are hoping to achieve from the award and how to measure success
Eligibility

To be eligible, you must be:

✓ a single applicant

✓ a woman founder, co-founder or senior decision maker within a UK registered micro, small or medium-sized enterprise (SME) that has been registered on Companies House for at least 12 months

✓ a UK resident, carry out all project work in the UK, and exploit the results from or in the UK

✓ aged 18 and above on the date of competition close

✓ fully committed to volunteer as a role model for at least five days over the duration of the award

Innovate UK Women in Innovation Awardee
Penny Trayner, Co-Founder of Clinical Neuropsychology Services
Eligibility

To be eligible, you must have:

✓ a grant funding request of up to £75,000
✓ a 12 month project proposal:
  • starting on 1 December 2024
  • ending on 30 November 2025

You are not eligible to apply for Women in Innovation 24/25 if you or anyone else from your business have previously received Innovate UK funding from:

- Women in Innovation
- Young Innovators Next Steps: follow on funding
- Innovate UK Award: Build
Support package

- 12 month project must start on 1 December 2024
- Up to £75,000 grant funding
- Tailored business support and coaching, provided by a dedicated expert from Innovate UK Business Growth (Innovation & Growth Specialist)
- Expert advice sessions, access to networks and peer networking provided by Innovate UK Business Connect
- Press and media support to become a leading role model in innovation
- Introductions to key stakeholders in the Innovate UK family networks
- Women in Innovation Ambassadors

Competition Manager, Competitions Team

- Submitting your application, assessment, project setup for successful applicants and reasonable adjustments
With the advances in AI technology it is only natural to use technology to support you in applying to our competitions. Whilst we don’t recommend or advise against it we would like to make you aware of the following which could potentially impact your project.

**Pros**

- Removes barriers for people with disabilities and non-English speakers
- Allows you to rephrase your content to meet the word count in a question
- Ensures all aspects of a question are answered
- Can aide a better understanding of:
  - intended/wider market
  - best practice in project management
  - complimentary technologies and advances in the industry
  - expected project impacts

**Con’s**

- It is not always correct in its assumptions and can get things wrong
- AI learns from the information you give it as well as what is has already learnt
- May provide a generic response meaning your application could use similar phrasing to others
- AI can be detected as non-human as it lacks expression and insight as it relies on logic to summarise information based on the question asked

Whilst AI offers many benefits it is important you are aware you are potentially sharing your idea with the world so be careful what you share as you have no control over how it is shared on once you do.
### Previously submitted applications

This competition **does** allow you to submit a previously submitted application.

On 4 January 2023, the Subsidy Control Act 2022 came into effect. This provides a framework for public authorities to design and award subsidies in a compliant way, whilst minimising any negative effects of subsidies both within the UK and Internationally.

Innovate UK offers funding in line with the UK’s obligations and commitments to Subsidy Control. To ensure that Innovate UK remains compliant with the UK’s international Subsidy Control duties in respect of:

- the EU-UK Trade and Cooperation Agreement;
- the subsidy control act 2022
- Article 10 of the Windsor Framework (successful applicants which are affected by the Windsor Framework will be funded in line with EU State aid regulations)
- Article 138 of the Withdrawal Agreement (some Union law applicable after 31 December 2020 in relation to the UK’s participation in Union programmes and activities)
- the Subsidies and Countervailing measures within the WTO (ASCM)
- any other Free Trade Agreements active at the time of award

All awards will be conditional on compliance at all times with the UK’s international obligations on Subsidy Control - this will be reflected in the terms and conditions of any award.
Due diligence

Under the Subsidy Control regime, we will carry out financial health checks and ongoing concern assurances on your organisation.

Certify you are eligible

When submitting an application, you must certify that you are eligible for funding. If you are unsure, please take independent legal advice before applying. Should you be successful, we will complete these financial checks and assurances before confirming the grant offer.

- For more information on company sizes, please refer to the Company accounts guidance.
- Further information is available on our website in the general guidance.

Innovate UK Women in Innovation Awardee
Debbie Wake, CEO of MyWay Digital Health
Eligibility Criteria - EU State Aid Regulations – The Windsor Framework

If you are an applicant who is conducting activities that will affect trade of goods and/or electricity between Northern Ireland and the EU, as envisaged by Article 10 of the Windsor Framework, then you must apply under European Commission State aid rules.

**Undertaking in Difficulty**

For applicants subject to the European Commission State aid rules, you will be required to prove that they were not an “Undertaking in Difficulty” (UiD). We will ask for evidence of this.

This test applies to:

- companies that are more than 3 years old
- companies where more than half of its subscribed share capital has disappeared as a result of accumulated losses.
- your parent or holding company

**Certify you are eligible**

When submitting an application, you must certify that you are eligible for State aid. If you are unsure, please take legal advice before applying. Should you be successful, we will apply this test as part of our viability checks before confirming the grant offer.

Further information is available on our website in the [general guidance under state aid](#).

If you are applying for an award funded under State aid Regulations, the definitions for company size are set out in the European Commission Recommendation of 6 May 2003.
Other Innovate UK projects

If you have an outstanding final claim or Independent Accountant Report (IAR) on a live Innovate UK project, you will not be eligible to apply to this competition, as a lead or a partner organisation.

We will not award you any further funding if you:

- applied to a previous competition as the lead or sole company and were awarded funding by Innovate UK, but did not make a substantial effort to exploit that award
- applied to a previous competition as the lead or sole company and failed to comply with grant terms and conditions

Use Companies House lookup as it speeds up our checks by providing your company number. You are unable to enter this at a later date.
Project Details

- All Lead applicants must complete the Equality, Diversity and Inclusion survey embedded in IFS as part of your application.

- Application Details - Title, timescales, innovation area and previously submitted application (y/n)

- Subsidy basis - Will the project, including any related activities, you want Innovate UK to fund, affect trade between Northern Ireland and the EU? All participants must complete this section.

- Project Summary - Short summary and objectives of the project including what is innovative about it

- Public Description - Description of your project which will be published if you are successful

- Scope - How does your project align with the scope of this competition? - If your project is not in scope, it will be ineligible for funding
Project Impact questions

- Each organisation in your application will complete the Project Impact questions within the ‘Supporting information’ section.

- The Project Impact questions ask for data about your business and innovation and its contribution to the UK economy, society, and the environment.

- Visit the Project Impact guidance page for more information, the types of questions you will be asked and how to get further support.

- By providing this data, you are enabling us to better understand the impact of our support. It will help us identify success stories and provide evidence to government and the public of the value of supporting innovative businesses.

Customer Support can help resolve any issues you might have when submitting but only if they are contacted before the deadline. Once the deadline has passed, your application cannot be submitted.

Remember that if there are collaborative partners, it is the lead applicant’s responsibility to ensure all collaborative partners have completed their assigned sections and accepted the terms and conditions, before submitting.

Submit your application early!
Assessment
How are successful applicants selected for funding?

Assessors will score each section of your application.

After the assessor process, Innovate UK will independently moderate assessor scores. Any outliers in scores may be removed and your total score will be updated.

You will then receive email notification to offer grant funding or to inform you that your application has been unsuccessful on this occasion.

Whether successful or unsuccessful in receiving grant funding, you will receive feedback on your application. It is intended to be constructive in nature and to highlight both the strong as well as the weak areas of your application.

For more information on the competition process, please go to: Competition briefing: applicant information - YouTube
Project setup for successful applicants
Notification

If you are unsuccessful in this competition
You can use the feedback from the assessors to develop your idea and apply into another competition that allows previously submitted applications.

If you are successful in this competition
- you will be assigned a Delivery Executive who will guide you through the Project Set Up process
- you will have 5 days to complete the project team, project details and bank details
- you will then have 90 days to complete project set up – funding may be withdrawn if this is not completed within this timeframe

Please ensure all your contact details in the IFS portal are correct and up to date and that you regularly monitor it.
Project set up

• All communication will be through IFS.
• Lead applicant must provide collaboration agreements and exploitation plans if applicable.
• Any partners with individual total project costs of up to £50,000 must provide evidence with a Statement of Expenditure (SoE).
• Any partners with individual total project costs above £50,000 must provide evidence with an Independent Accountants Report (IAR).

Project delivery

• The grant will be paid in two instalments:
  • 90% paid upfront in December 2024
  • 10% paid post project end, upon approval of the final claim
• Claims can only be made for costs incurred and paid between the project start and end dates.
• Monitoring of the project includes quarterly meetings with the appointed Monitoring Service Provider.
